

Safety and responsibility are key words when dealing with tools. When using Lervad Portable Tool Rack all frequently used tools are directly accessible for each student. At the same time traffic in the workshop is reduced.

In combination with Lervad Roller Shutter Cabinet the Portable Tool Rack system makes surveillance and control a simple task.

Built to specifications

Lervad Portable Tool Rack has a finished interior prepared for standard tool set.

For customers with own tool set the racks may be built to user specifications.

Alternatively plain racks for own finishing are available.

Materials and design

Lervad Portable Tool Rack is made of 6 mm lacquered birch plywood with tool block of lacquered solid pine. The rack has a handle for carrying and metal hooks for hanging. Finished tool blocks are designed with unique places for each tool.

Portable Tool Rack is delivered fully assembled.
Tools are packed separately.
